

Introducing

Applied Air

Commercial DOAS

THE RESULT OF OVER 30 YEARS OF INDUSTRIAL OUTSIDE AIR EXPERIENCE

The Applied Air FAP and IFL were designed from the ground up to comply with ALL sections of ASHRAE 62.1 including:

- Section 5.5: airstream surfaces
- Section 5.9: particulate removal
- Section 5.10: dehumidification
- Section 5.11: drain pans
- Section 5.12: coils
- Section 5.14: service access
