

Introducing

# Applied Air

## Commercial DOAS

*THE RESULT OF OVER 30 YEARS OF INDUSTRIAL OUTSIDE AIR EXPERIENCE*

The Applied Air FAP and IFL were designed from the ground up to comply with ALL sections of ASHRAE 62.1 including:

- Section 5.5: airstream surfaces
- Section 5.9: particulate removal
- Section 5.10: dehumidification
- Section 5.11: drain pans
- Section 5.12: coils
- Section 5.14: service access
