

## Dear Valued Customer

### Sierra warrants the basic heat exchanger of its standard INDIRECT FIRED HEATER

Model No.

Serial No.

Factory Shipment Date

to be free from defects in material and workmanship for a period of ten years from date of factory shipment. The basic heat exchanger is identified as that part of the heater in direct contact with flame or with flue gases.

Sierra's responsibility and obligation under this warranty is limited to the repair or replacement F.O.B. factory of any defective part of the heat exchanger returned, transportation charges prepaid, and which proves to Sierra's satisfaction to have contained such defects at the time of factory shipment. All equipment and/or material not manufactured by us shall receive only such warranty as that furnished by the manufacturer thereof.

The conditions of the warranty are (1) Stainless steel secondary required if: 30% or more of winter outside air is introduced, temperature rise at minimum firing rate is below 10 degree F. or entering or mixed air temperature is below 45 degree F. (2) The heater shall have been installed properly and by a qualified heating contractor or dealer in accordance with the provisions of Sierra's installation manual and in compliance with all local codes and ordinances, and shall have been subject only to normal use and service, and there be no evidence of tampering or deliberate abuses. (3) The initial startup and checkout must have been performed by Sierra's service department. (4) It shall have been operated within its published capacity and with the fuel for which it is intended, and maintained in accordance with recommendations listed in the Sierra service manual. (5) All automatic controls shall have been operative at all times and wired in the original factory manner. (6) The heater has not been allowed to exceed its proper temperature limits due to control malfunction or inadequate air circulation over it. (7) Adequate air for combustion has been provided at all times. (8) The heater must not be installed in any area with chemically corrosive atmosphere. (9) It has not been subject to misuse, neglect, alteration or accident.

No representative of Sierra or its distributors or dealers is authorized to assume for us any obligation or liability in connection with this product, nor to alter the terms of this warranty in any way. This warranty does not obligate Sierra to assume liability for any labor cost to replace defective parts or for any secondary charges such as losses or damages. This express warranty is in lieu of all other warranties, express or implied. There are no warranties of fitness of the heat exchanger for any particular purpose, or warranties of merchantability.
